# Generic review data

## Entity details reviews

---

Entity pages contain listings of reviews for the entity. This page describes the structure of the review record inside that list. For the list structure itself, see [common modules and listing data](#).

```
{
  // common fields

  "id": 1234,
  "kind": "expert/user",
  "title": "The title of the review",
  "body": "The body of the review, possibly with html",

  "rating": 2.5,

  "user": { user ... },    // author of review

  "default_image": null,
  "images": [
    { image ... },
  ],

  "entity_type": "article",
  "entity_id": 2345,

  // only for modules
  "entity": { },

  "first_review": 1,    // boolean
  "helpful": 2,         // number of helpful votes
  "unhelpful": 1265,    // number of unhelpful votes
  "recommended" : 0,    // boolean
  "word_count" : 123,   // number of words

  "created_on" : "2009-10-28 03:21",
  "updated_on" : "2009-10-28 03:21",
  "publish_on" : "0001-01-01 00:00",
  "discard_on" : "9999-12-31 23:59",

  // The rest is optional
  // All business
  "spent": 12.2, // dollars
  "axis_ratings": [
    { "axis": "Food/Drink", "score": 2.5 },
    { "axis": "Value", "score": 1.5 },
    { "axis": "Service", "score": 3.0 },
    { "axis": "Cleanliness", "score": 3.0 },
    { "axis": "Ambience", "score": 3.5 },
    { "axis": "Quality", "score": 3.0 }
  ]
}
```

```
"properties": [  
  
  // restaurants and bars/pub/clubs  
  "ordered": "Description of what was ordered"  
  
  // bars/pubs/clubs  
  "suitability": [  
    "Dating Couples",  
    "Group Outing",  
    "Kids & Family"  
  ],  
  
  // shopping  
  "bought": "Description of what was bought",  
  
  // Movies  
  "watched_for": [  
    "Cast",  
    "Plot",  
    "Director",  
    "Special Effects",  
    "Cinematography"  
  ],  
],  
}
```

Also see the [user sub-record](#) and the [image](#) specifications.

axis ratings have a total of 5 possible keys, but they appear in different combinations. See UGR spec.

## Module list reviews

---

Reviews inside of module lists are subtly different to the ones on an entity page.
